

Park Bench Dedication

Information Packet

Presented by:
Northeast Community Park

Would You Like to Create a Lasting Memory in Northeast Community Park?

We are giving YOU the opportunity to create a lasting memory at Northeast Community Park. We are seeking 10 individuals that are passionate about the mission of the park and would like to show continual support through the installation of a concrete walking path. This will make the park more accessible to everyone. Park benches will also be installed as an opportunity for donors to dedicate their support to a loved one. A minimum donation is required to secure this opportunity. This donation will raise the remaining \$53,000 to build the concrete walking path throughout the park.

As a special "thank you" to these individuals, we would like to give them the opportunity to dedicate a bench with a bronze plaque to the memory of a loved one, to commemorate an event that is dear to them, or to celebrate a new beginning through the support that they show the park.

Mission

The mission of Northeast Community Park is to provide a safe, inviting, and open space for our community to gather, grow, and get to know each other.

Minimum Donation Amount

The minimum donation to contribute to this project is \$5,000.

This covers the cost of:

- One park bench
- One dedication plaque
- One pad of concrete
- One shade tree
- Sponsoring a hundred feet of concrete for the walking path

Park Bench Life Expectancy

Due to the wear and tear of outdoor exposure, this park bench will be enjoyed for up to 15 years. Eventual renewal or replacement will be considered but is not guaranteed.

Walking Path & Bench Locations

Here we have the walking path that runs throughout the park as well as the locations of where the park benches will be installed.

Park Bench & Dedication Plaque

Here we display the bench and plaque that will be installed along the walking path of the park.

Interested? Scan the QR code or visit praise.fyi/bench for more information and to fill out the registration form.
